

WATERBIKEITALIA

A UNIQUE SPORT, A WORLD TO EXPLORE ACCESSIBLE TO ALL!

WATERBIKEITALIA

A new way to have fun and to understand water sports: the water bike is a real bicycle, light and high performance that thanks to two inflatable hulls similar to a catamaran allows you to pedal on the water. A bicycle that runs on water, very easy and safe to ride.

DESFROS

it is perfect for both recreational and competitive activities.

Project and
Realization

100% Italian

VITALIDESIGN

The first WaterBike totally built in Italy with high quality precious materials.
